If documents which are incorporated by reference in this Supplement themselves incorporate any information or other documents therein, either expressly or implicitly, such information or other documents will not form part of this Supplement for the purposes of the Prospectus Directive except where such information or other documents are specifically incorporated by reference in this Supplement.

Save as disclosed in this Supplement, no significant new factor, material mistake or inaccuracy relating to information included in the Base Prospectus has arisen or been noted, as the case may be, in relation to the Issuer or the Guarantor since the publication of the Base Prospectus.
